

MY NAME'S DODDIE foundation

Clay Pigeon Shoot 2018

The Gleneagles Hotel, Friday 5th October

A unique opportunity to spend the day at one of the country's most luxurious hotels, enjoying the first class shooting facilities in the company of some rugby legends, in aid of My Name'5 Doddie Foundation.

The inaugural My Name'5 Doddie Foundation Clay Pigeon Shoot will be staged in the fabulous surroundings of The Gleneagles Hotel and Shooting School on Friday 5th October.

Set in the breathtaking Scottish countryside, the day will kick off at the Shooting Lodge where your competitive side will be put to the test during the exciting shooting and non-shooting activities. We will then enjoy a BBQ lunch in the beautiful grounds of this iconic venue.

Celebrations will continue with a relaxed champagne and canapé reception.

The day will be rounded off in The Gleneagles Suite with a gala dinner.

The package represents amazing value at **£2,250 for 4 shooting and 4 non-shooting guests**. This includes:

- Entry to the competition
- Novice tuition
- A BBQ lunch
- Activities for non-shooting guests
- Shoot school surprises
- Champagne reception and canapés
- Gala dinner
- Live entertainment

An exclusive discounted bed and breakfast rate of £335 per room per night is available at The Gleneagles Hotel*. Guaranteed allocation of rooms available for early bird bookers before 31 August 2018. Please contact resort.sales@gleneagles.com to book.

* Based on standard room. Sovereign or Estate bedrooms are £360 bed and breakfast per room per night.

BOOK A TEAM

Due to the popularity of the shoot, we expect it to sell out fast so please email karen.mcveigh@gleneagles.com in order to secure a table.

My Name'5 Doddie Foundation was launched in November 2017 at Murrayfield. It was established by former Scotland and Lions rugby player, Doddie Weir and friends after he was diagnosed with Motor Neurone Disease. My Name'5 Doddie Foundation is a registered charity and aims to raise awareness of this devastating disease, raise funds to aid research into funding a cure for MND and help support fellow sufferers.
